## How to Stream eAudio with OneClickdigital

All eAudio titles can be streamed from your library's OneClickdigital website without having to download the titles.\* This means that you can check out a title and listen to it on any computer, tablet, or smartphone with a Web browser and Internet connection.

\*It is not recommended that you stream audiobooks using your cellular data plan.

- Go to your library's OneClickdigital website and sign in to your account.
- Choose an eAudio title and click on the image or name of the title. You will be brought to the title's detail page.
- Select a period of time for your checkout and click **Checkout Now**.

- After checking out the title, you will be prompted to **Open/Save/Cancel**. If you plan to stream the eAudio, click **Cancel**.
- On the title's detail page, click the **Chapters** tab.
